

Southfield Public Schools
Southfield School for the Arts & Technology Speaker/ Clock System
Bid Addendum II
May 9, 2019

Questions from bidder:

Can we pre-pull cable and leave cable bundles outside or above the ceilings in the classrooms, and install the clocks at a different time? **Yes**

Is there an existing sleeve from the hallway to the classroom for cables? **No. Cabling can be run from the hallway to the classroom over the hallway wall. The hallway wall does not go all the way to the ceiling but there is no existing conduit.**
